### In-Depth Episode Synopsis

*Warning: the below synopsis may contain spoilers*

The newly formed 'Banbury Intricate Craft Circle Politely Requests Women's Suffrage' is planning the first daring act in their effort to secure Votes for Women: they will picket the local Post Office.

However, when a statue of Venus is found vandalised, it soon becomes apparent that the Craft Circle may not be the only group of Suffragettes in Banbury.

Drafted in to investigate this crime is a face from Margaret's past: PC John Thackery. After initially just making routine enquiries, he quickly becomes concerned with the ladies' intentions. His suspicions roused, he begins to interview each of them in turn in order to deduce whether they are, in fact, the Suffragettes behind this act of vandalism.
