In-Depth Episode Synopsis

Warning: the below synopsis may contain spoilers

The group are surprised when a response from Mrs Pankhurst herself arrives, announcing that she will be taking in Banbury on her tour of Oxfordshire and wishes to attend one of the group's meetings.

The ladies soon realise that Mrs Pankhurst's arrival is more imminent than previously thought and elaborate preparations for their 'Great Women Through the Ages' pageant are greatly condensed - and Gwen whips up her 10-minute trifle in just five.

However, when she arrives, the leader of the Suffragette movement doesn't quite match up to the great lady the women had envisioned. All of them except Helen that is, who, it emerges, has a history with Mrs Pankhurst, and her arrival brings back less than favourable memories.
