Island. My new book, *Long Island and the Woman Suffrage Movement*, will be published soon by the History Press. In the meantime, please read my comments and leave some of your own!

Welcome!

Antonia Petrash

I look forward to your book. Finally, these Long Island suffrage stories are seeing the light of day. Your book represents an enormous leap. Let me know when the publisher gives you a green light. All the best!

I belong to the American Association of University Women, Islip Area Branch. We have a standing committee researching Long Island women suffragists, particularly those in Suffolk County, and will be most interested in ordering your book. Thank you in advance for your efforts!
